

MondialBox is a young French company which offers a unique concept in the world of the self – storage: the self-storage drive. Its motto says it all: MondialBox rents to people or companies a private and highly secured storage space, which is directly accessible with a vehicle, 7/7, 24 hours a day. The company already opened more than 50 sites throughout France and Belgium and seeks now to expand in the rest of Europe.

The Self-storage is today a global industry that began in the United States more than thirty years ago. In 2013 there were nearly 50 000 self-storage sites, one site for 6 260 inhabitants. This market, which was thought to be mature, continues to grow, with 500 to 1,500 new sites per year.

With MondialBox, you can profit from this ever-growing industry with an already proved concept and minimal investment. Don't hesitate to contact us for further informations !
